

CURB APPEAL II

The final phase of the Axton Circle Beautification Project will begin in mid September. To finance the final phase of this project, the Ridgewood Park Neighborhood Association is offering to re-paint your curb numbers using the Ridgewood Park Logo. This was a very popular project that the RPNA offered eight years ago, and after many request, we are thrilled to offer it again!

As in the example above, your street numbers will be painted in bright white against a black oval background (9.5" x 22"). The acorn, flanked by two oak leaves will accompany your numbers. Your curb numbers will coordinate with our neighborhood sign-toppers, and will offer a more aesthetic approach to curb numbering.

We are currently taking orders for this service. Please fill out the form below and mail it along with your check made payable to:
